RAM PRASAD GHIMIRE

Full-Stack Developer — Python | FastAPI | Django | Flutter
Lalitpur, Nepal | 📞 9861479546 | ✉ ramghimire.dev@gmail.com

PROFESSIONAL SUMMARY

Full-Stack Developer with 3+ years of experience building scalable web and mobile applications. Strong background in Python-based backend systems (FastAPI, Django REST Framework) and modern frontend development (Angular, Flutter). Experienced in designing secure APIs, optimizing databases, and delivering production-ready products in Agile environments. Open to full-time, remote, and freelance opportunities.

TECHNICAL SKILLS

Core Skills: Python, FastAPI, Django REST Framework, Flutter, Angular

Databases: PostgreSQL, MySQL, MongoDB

Tools: Git, Docker, CI/CD, Cloudinary

Practices: REST APIs, Agile/Scrum, TDD

PROFESSIONAL EXPERIENCE

Software Developer
DPR Digital Solution Pvt. Ltd. — Kathmandu, Nepal
05/2025 – Present

- Developed a production-ready **web and mobile Health Application** using **Flutter**, **FastAPI**, and **PostgreSQL**.
- Built secure RESTful APIs for authentication, user profiles, health records, and medical report uploads.
- Implemented real-time **patient–doctor chat** and **online appointment booking** features.
- Developed health utilities including **safe-days calculation**, **pregnancy calculator**, and **period tracking**.

- Optimized API performance and ensured data privacy across web and mobile platforms.

Software Developer
Brilliant IT Solutions — Kathmandu, Nepal
11/2022 – 04/2024

- Designed and maintained scalable APIs using **Django REST Framework** and **FastAPI**.
- Integrated **MySQL** and **MongoDB** databases and optimized queries for performance.
- Implemented image processing and media storage using **Pillow** and **Cloudinary**.

Founder & Lead Full-Stack Developer
Soft Companion Pvt. Ltd. — Bhaktapur, Nepal
11/2021 – 10/2022

- Led a small development team delivering custom web and mobile solutions.
- Built backend systems with **Django/FastAPI** and frontend interfaces using **Angular**.
